♡ Elle m'aime : un peu, beaucoup, passionnément, à la folie, pas du tout ! ♡

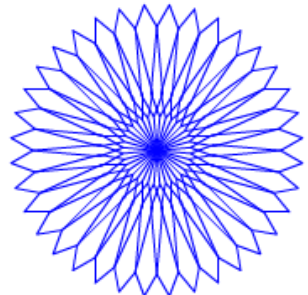

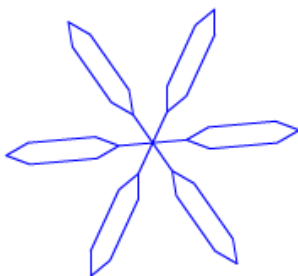

1. Classique

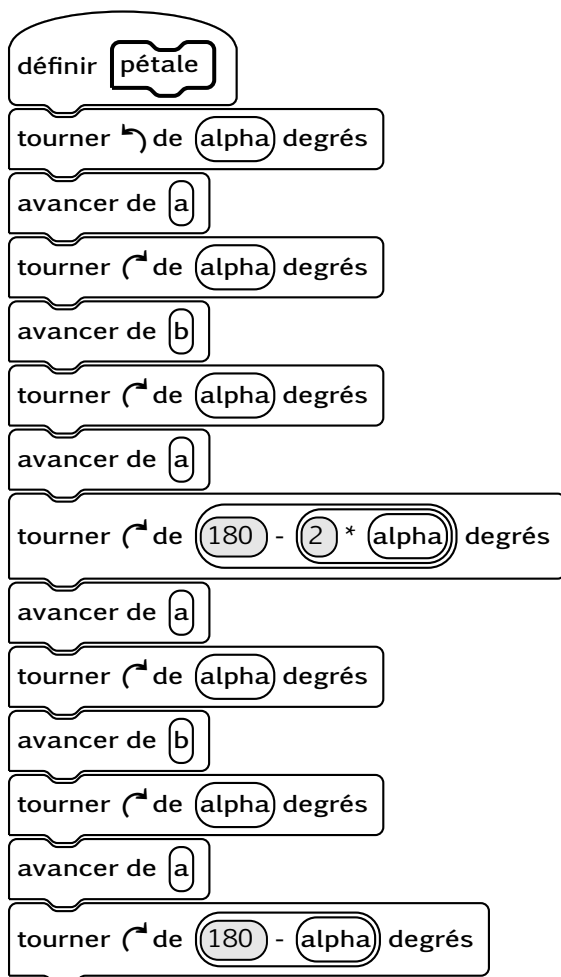

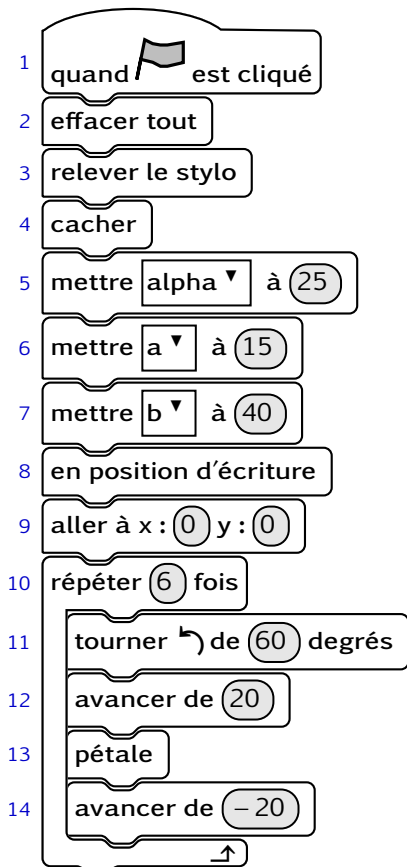

Je commence à effeuiller la marguerite : un peu, beaucoup... Déjà deux pétales d'ôtés.

Que vont me prédire les marguerites suivantes ?

90 pétales

2. Snow white

And so Prince Charming kissed Snow White,
The dwarves protested : "That's not right !"
Why should she marry this stupid knight ?
After all they had done, wasn't it their right ?
Where they not the ones who had given her food and lodging ?
Each and everyone of them wanted to give her a ring !
Snow White then decided to let fate choose
The one she would trust her life with.

So she makes them an offer they can't refuse,
For she has a lisp, says : "And the winner is..."
She makes them form a circle around her
And starts counting in this manner :
She calls one and skips one suitor,
She calls two and skips two suitors,
She calls three and skips three suitors...
"2 018 ¹ will be the winner,
This one will take me to the altar !"
Of course she wants the Prince to win,
So what direction must she go in ?
Because Snow White is really smart,
With whom do you think she will start ?

Thanks Flavie
